DATA DICTIONARY

51038 3RD ST.
DOWAGIAC MI 49047

CENSUS COUNTRY SATURATION	Estimated percentage of renter-occupied units versus owner-occupied units as reported by U.S. Census / American Community Survey within the geography searched. Census estimates rental saturation for 1-4 unit properties and rental saturation for 5+ unit properties. The most recent Census data is from at least 21 months ago.
CONFIDENCE SCORE	The confidence score of a valuation is derived from FSD (Forecast Standard Deviation) and indicates the level of accuracy in the AVM estimate. For example, suppose the rent AVM estimate is \$1,000 and the corresponding confidence score is 95. In that case, there is a 68 percent probability that the actual market rent will fall between +/-5 percent around the rent AVM estimate, i.e. between \$950 and \$1,050. The higher the confidence score, the smaller the prediction error and the more confidence we have in the rent AVM estimate.
CUSTOM COUNTY SATURATION	Estimated percentage of renter-occupied units versus owner-occupied units as reported by RentRange within the geography searched. RentRange estimates rental saturation for single-family detached properties only.
CUSTOM COUNTY VACANCY	Estimated vacancy rate as reported by RentRange uses both public and proprietary information within the geography searched. Custom vacancy is for either single-family detached or multi-family depending on the report type.
DAYS ON MARKET	Days on market measures the average number of days the property has been listed for rent in that geography.
DAYS ON MARKET VS. VACANCY CHART IN COUNTY	Left Y axis shows days on market represented by bars, the right Y axis and curve line represent vacancy rate in the given county.
ESTIMATED PROPERTY VACANCY	RentRange's Estimated Property Vacancy is built from our proprietary aggregated analysis of geographic and property specific trends in each subject property's local area.
GROSS LIVING AREA (GLA)	Gross Living Area (GLA) is the total area of finished, above-grade residential space. It is calculated by measuring the outside perimeter of the structure and includes only finished, habitable, above-grade living space. Finished basements and unfinished attic areas are not included in total gross living area.
GROSS YIELD	Gross yield is calculated by dividing the total annual projected gross income by the total property price. $\text{Gross yield} = \text{gross income} / \text{total property price}$
HIGH/LOW RADIUS RENT	Rent amount for the top and bottom tenth percentiles in the radius searched for either the single-family detached or multi-family properties.
MEDIAN RADIUS RENT	Median rent amount for all matching comparable rentals within the radius searched.
